Subject: Urgent need to curb the use of plastic bags

Sir/Madam,

Through the columns of your esteemed newspaper, I wish to highlight the alarming rise in plastic pollution. Single-use plastic bags are choking drains, polluting water bodies, and harming animals that ingest them. Despite repeated warnings, their usage continues unchecked.

Plastic takes hundreds of years to decompose and releases toxic substances into the soil and water. Blocked drains due to plastic waste often lead to waterlogging and the spread of diseases during monsoons. Immediate steps must be taken to strictly enforce the ban on plastic bags.

I request the authorities to promote cloth and paper bags and conduct awareness campaigns in schools and markets. Citizens must also act responsibly to protect our environment.

Thanking you,

Yours sincerely,

Answer:

VILLAGE ADOPTION- A STEP TOWARDS BEING SOCIALLY RESPONSIBLE -BY KARAN/ KRITI

On the occasion of World Literacy Day, L.M. Memorial Public School, Dwarka has taken an oath to embrace the village named Rajpur.

The school has taken the responsibility of educating the people residing in the village. Selected students from each standard are taken there every weekend, during school hours to impart knowledge. The first 6 month motive is to make each and every person capable of reading and writing. Free books and stationery is being provided for quality education. Children are given time to spend with each other, play games and interact. Apart from the educational needs, special care is devoted to hygiene and sanitation. Girls are being given awareness on the importance of menstrual hygiene as well. Various talent hunts have been organised which left everyone overawed. The immense enthusiasm and zeal in the people to learn is the main driving factor.

A family kind of environment is being created. The school treats the people of the village as its own students and is unbiased. By adopting a village, the school is making its students sensitive towards the needs of the environment at a young age. It is committed towards raising the leaders of tomorrow.

Article Writing

Q1. Our performance in the Rio Olympics has told us that we do not pay enough attention to athletics and outdoor games. It is time we revised our attitude. Sports should be an important part of school's daily routine. Write an article in 150-200 words in 'Importance of Outdoor Games'. You are Sreeja/Thomas. (SOURCE- CBSE 2017)

Answer:

IMPORTANCE OF OUTDOOR GAMES

– By Sreeja/ Thomas

Sports occupy a prominent place in the life of a nation. It not only helps keep you healthy and fit but also plays an important part as a recreational event.

Unfortunately, in our country, the trend is such that it focuses only on the academic front. To grow a tree, we have to water it's roots; just like that, to prepare athletes that could play for the country, we need to inculcate the concept of sports at the primary level, i.e., the school level. What we are missing out is that sports play a vital role in imparting complete education.

Clearly, things did not go well in the Rio Olympics, and as everyone gets down to doing the post-mortem of our performances, often breathless, blame the quality of attention being given to athletics.

The benefits of playing sports are several, as it leads to balanced mental growth. It teaches the children life skills like team efforts, leadership, patience and social skills. It inculcates confidence, discipline and playing without crossing the rules.

Thus, it becomes all the more important to change the attitude of schools towards sports. It should be made a compulsory activity. It has been rightly said,

“Children learn as they play. Most importantly, in play, they learn how to learn.”

Thank you
